# WORKFORCE HOUSING SUMMIT

**May 17, 2007 • 8 a.m. - noon  
PCC/USF Lakeland Campus  
Lakeland Technology Building Auditorium**

Over the past three years, the cost of housing in Polk County has risen dramatically and now is beyond the means of many lower and even middle income working households. To ensure Polk County's quality of life and economic viability, the shortage of workforce and attainable housing must be addressed by the business community, as well as by government.

As a business person, government official or interested citizen, we invite you to attend this important summit which will bring the interested parties in Polk County together to explore the problem and learn from experts.
